PROJECTS

KarimStore — ASP.net project

<https://github.com/Noureldin-Ahmed-FullStack/KarimStore>

My personal CRUD app,

1st June, 2023, 25th June, 2023, I created my First CRUD app using Asp.net with MVC 5,

The goal was to make an online shopping website for a small supermarket. the GitHub link can only show you the code;

If you would like to view the application; I have a video showcasing the app.
